

# KORENFESTIVAL AMUSING HENGELO

September 2024

## **Suitcases unpacked, children back to school and duty calls.**

Well, that's how it goes after the holiday months. A nice time is over and it's time to start again. Hopefully everyone is recharged and ready for a fresh start at work or with your choir.

We have also started again with renewed enthusiasm with the organization and preparations for our 18th edition on **Saturday 7 June 2025**.

The choirs will certainly also make or have already made plans for the coming season. Perhaps a Christmas or New Year's concert or just because it is so nice to sing for an audience.

Is participation in our festival also in your plans? Then you can already register now, because it is open. You can register your choir via our website [www.amusing-hengelo.nl](http://www.amusing-hengelo.nl)

You will find all the information there: what sizes the stages have, what technology is on which type of stage and what the costs are. Go to [amusing-hengelo.nl](http://amusing-hengelo.nl) and register for the **Korenfestival Amusing Hengelo on 7 June 2025**.

## **Still enjoying the last time?**

On our site you will find a nice video of the festival on June 1, 2024. With thanks to Hengelo Helemaal Stil?; they are the makers of this atmospheric impression. Curious? [Then click here.](#)
